

Assignment-1

Abhinandan Singh Parmar

22BTRAD001

CODE-1

The screenshot shows the OneCompiler web IDE interface. The browser tab is titled '3zkhmphwn - Scala - OneComp'. The URL is 'onecompiler.com/scala/3zkhmphwn'. The code editor displays the following Scala code in 'HelloWorld.scala':

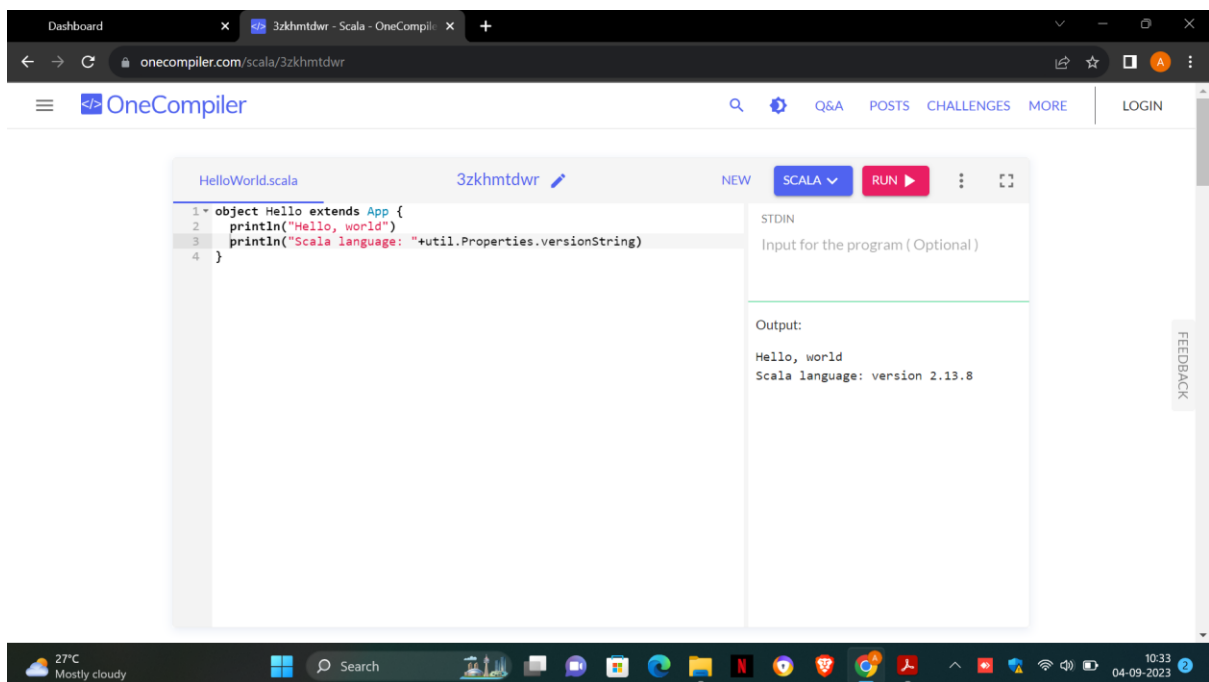

```
1 object HelloWorld {  
2   def main(args: Array[String]): Unit = {  
3     println("Hello, World!")  
4     println("Scala language: "+util.Properties.versionString)  
5   }  
6 }
```

The right sidebar shows the 'STDIN' input field (empty) and the 'Output' section, which contains the following text:

```
Hello, World!  
Scala language: version 2.13.8
```

The Windows taskbar at the bottom shows the date and time as 10:32 on 04-09-2023, and the weather as 27°C with afternoon rain.

CODE-2

The screenshot shows the OneCompiler web IDE interface. The browser tab is titled '3zkhmtdwr - Scala - OneComp'. The URL is 'onecompiler.com/scala/3zkhmtdwr'. The code editor displays the following Scala code in 'HelloWorld.scala':

```
1 object Hello extends App {  
2   println("Hello, world")  
3   println("Scala language: "+util.Properties.versionString)  
4 }
```

The right sidebar shows the 'STDIN' input field (empty) and the 'Output' section, which contains the following text:

```
Hello, world  
Scala language: version 2.13.8
```

The Windows taskbar at the bottom shows the date and time as 10:33 on 04-09-2023, and the weather as 27°C with mostly cloudy conditions.
